Gradation Sheets

Seamless series

A new gradation series that can cover a large area of glass with a single sheet without seams. Based on the popular Illumina Dot Gradation, the product is designed to ensure privacy without creating a sense of closure. A total of three variations area available, including center gradation, which becomes transparent at both ends of the sheet, single gradation, which becomes transparent at one end of the sheet and privacy single gradation which has a larger gradation area for more privacy coverage. Provided in single panel sheets with the print direction down the sheet length, wound on a small roll.
